A

- Abelt, A. R., Personal of Jan. 208
Abrasive Band Grinder, Walls Feb. 216
Abrasive Belt Backstand Idler, Jones May 204
Abrasive-belt Idler Stand and Pulley, Mat-
tison Apr. 234
Abrasive Co.:
Victory Abrasive Points and Wheels with
Demountable Spindles Aug. 232
Abrasive Cut-Off Blade, Felker Dec. 218
Abrasive Machining with Coated Dec. 172
Absences, Effective Way of Reducing Nov. 260
Absenteeism, A Problem in June 177
Absenteeism in War Industries, Reducing Mar. 210
Accident Prevention, Conserving Man-power
through Dec. 214
Acme White Lead & Color Works:
Compound Prevents Adherence of Weld
Spatter Sept. 189
Surface Dye Provides Clear Lay-outs on
Sheet Metal Feb. 198
Acro Tool & Die Works:
Grinding Fixture for Milling Cutters, Jan. 196
Actuator Mechanism for Precision Snap-Action
Switch Nov. 238
Adams, George H., Personal of Mar. 208
Adhesion of Industrial Finishes, New Vinyl-
lite Resin Improves Feb. 199
Adhesive Developed for Polishing Wheels, New
Apr. 213
Aero Tool Co.:
Automatic Buckler for Aircraft Riveting
Apr. 234
Agencies will Best Aid War Effort; Fewer,
Not More, War Aug. 198
Aget-Detroit Co.:
"Bench Kop" Dust Collector for Grinding
and Sanding Operations Apr. 226
Air-conditioned Room Insures Quality Gages
for War Work, Charles O. Herb, Dec. 192
Air-Lube Lubricators for Pneumatic Tools
Aug. 218
Air Motors, Smith-Johnson Oct. 199
Air Reduction Sales Co.:
Hard-facing Rods Developed to Meet "Low-
priority" Needs Sept. 189
All-position Welding Electrode Nov. 254
Welding Methods for National Emergency
Steels June 176
Aircraft Building, Special Devices Used in,
H. F. Schwedes June 166
Aircraft Cylinder Heads, Snyder Automatic
Machine for Milling Slots in Aug. 212
Aircraft Engine Gearing, Design and Manu-
facture of Nov. 219
Aircraft Engines, Grinding Steel Crankshafts
for, P. C. Durland Dec. 129
Aircraft Plant, Power Trucks in an Dec. 184
Aircraft Production, Grinding Methods that
Aid in Feb. 174
Aircraft Production, The Chobert Riveting
Machine in Sept. 184
Aircraft Tubing, Hydraulic Test Bench for
Apr. 230
"Airgrip" Chuck Mar. 198
Airox Junior Pneumatic Vise Nov. 257
Airplane, Building the Curtiss Commando
Cargo, P. N. Jansen July 134
Airplane Engine, How Packard Builds the
Rolls-Royce Merlin, Holbrook L. Horton
Aug. 188
Airplane Engine Production Speeded up by
Special Methods, Wright Cyclone, P. W.
Brown Aug. 172
Airplane Engines, Allison Aug. 134
Airplane Engines and Turbo-superchargers by
Ford Production Methods, Charles O. Herb
Aug. 144
Airplane Engines, Buick Manufactures, Charles
O. Herb Jan. 149
Airplane Engines for Powering Fast Fighter
Planes, Allison, Charles O. Herb, Aug. 134
Airplane Engines for Trainer Planes, Ly-
coming Radial, P. E. Garland, Aug. 164
Airplane is a Product of Precise Prefabrica-
tion, Bell Airacobra Fighter, Holbrook L.
Horton July 160
Airplane Lift, Portable Hydraulic Feb. 218
Airplane Manufacture, Douglas Blackout Plant
for, Ray A. Steinbauer Oct. 170
Airplane, Operations on the Martin Marauder
Bombing July 192
Airplane Plant, Roll-forming Metal Sections
in a British Sept. 175
Airplane Plants, Rolled and Cast Kirkite in,
William W. Broughton Oct. 139
Airplane-production Short-cuts Speed Mustangs
and Mitchells to Fighting Fronts, Ralph
H. Ruud July 144
Airplanes after the War, Increasing Use of
Oct. 216
Airplanes, How Curtiss-Wright Produces Fa-
mous Fighting, P. N. Jansen Dec. 168
Airplanes, Machine Shop Operations in Build-
ing Douglas July 178
Airplanes, Processes Employed in Manufac-
turing Gasoline Tanks for Fighter, Marlin
W. Coker May 161
Airplanes to Bomb the Enemy, Boeing Builds,
Charles O. Herb Mar. 161
Airseal Aircraft, Inc.:
Chobert Riveting Machine in Aircraft Pro-
duction Sept. 184
Algoma Products:
Die Costs Reduced 65 Per Cent. June 202
Allie-Chalmers Mfg. Co.:
New Transformer Cooling System Saves
Scarcely Materials Jan. 147
"Amrac" Alternating-current Welding Ma-
chine July 238
Allison Division of General Motors Corpora-
tion:
Engines for Powering Fast Fighter Planes
Aug. 134
Alloy for Proof-casting of Cavities, Low Melt-
ing-temperature Feb. 198
Alloy, Free-machining Invar Apr. 218
Alloy, "Kut-Kost"—New Metal-cutting Oct. 159
Alloy Rods Co.:
"Armorarc" Electrode for Heavy Welding
Sept. 198
Alloy-Sprayer Co.:
Metal Spraying Equipment May 204
Alloys Save Tin, New Bearing June 208
"Allspeed" Multiple V-belt Drive, Worthing-
ton Oct. 206
Aluminized Sheet Steel, Arnco Develops, Apr. 212
Aluminum Co. of America:
Great Increase in the Use of Aluminum
Forgings Feb. 192
Aluminum Prices Again Reduced Apr. 250
Aluminum Forgings, Great Increase in the
Use of Feb. 192
Aluminum, High-speed Machining of Dec. 167
Aluminum Joints, Sealing Compound for Syn-
thetic Glass and Jan. 166
Aluminum Seal Co.:
Automatic Machine for Seating Foil Disks
in Detonator Cups Aug. 204
American Car and Foundry Co.:
Foremen Rewarded for Efficiency in Shell
Manufacture Sept. 181
Boring Mine Car Wheels to Receive Roller
Bearings Jan. 136
Bombs for Blasting Berlin Apr. 168
American Emery Wheel Works:
Wheel for Grinding Hard Steels Apr. 234
American Engineering Co.:
Hele-Shaw Fluid Power Pumps Standardized
Oct. 216
American Foundry Equipment Co.:
Wheelabrator Bomb-clearing Machines, Jan. 194
"Tum-Spray" Metal-washing Machine, Mar. 194
Washing Equipment for Small Bearings, July 236
"Tabl-Spray" Metal-washing Machine, Aug. 226
American Foundrymen's Association:
Behavior of Cast Iron at High Tempera-
tures to be Studied Jan. 136
Apprentice Molding and Patternmaking
Contest Feb. 173
American Gauge Co.:
Precision Lapping Plate Sept. 210
American Gear Manufacturers Association:
Twenty-fifth Semi-annual Meeting, Nov. 206
Annual Meeting Held at Rye, N. Y., June 165
American Locomotive Co.:
Milling Annular Rings on Locomotive Piston-
rods Oct. 185
Planer with Reciprocating Tool-head, Oct. 216
American Manganese Steel Division of Amer-
ican Brake Shoe & Foundry Co.:
Molybdenum-manganese Steel Welding Rod
Conserves Nickel Sept. 188
American Measuring Instruments Corporation:
"Amic" Precision Indicating Gage for Piston-
rings July 232
American Nickeloid Co.:
Zinc-coated Sheet Introduced as War
Substitute Feb. 199
American Optical Co.:
"Ful-Vue" Safety Goggles July 228
"Didymium Noviweld" Safety Goggle Lenses
Aug. 241
American Photocopy Equipment Co.:
Apeco Photocopy Machine May 206
American Products Corporation:
"Xeol-Flux SS"—a New Silver Solder Flux
Mar. 173
American Pulley Co.:
Tight-end Conveyor Pulleys Sept. 200
American Rolling Mill Co.:
Arnco Develops Aluminized Sheet Steel
Apr. 212
American Screw Co.:
Effective Way of Reducing Absences, Nov. 260
American Screw Products:
Kirkite Cast Jaws Facilitate Machining
Operations July 216
American Sil or Producers' Research Project:
An Unusual Application for Sil or Oct. 210
Silver Used for Aircraft Engine Bearings
Oct. 214
American Society for Metals:
Twenty-fourth Annual Metal Exposition
Oct. 173, Nov. 218
National Metal Congress to be Held in
Chicago Aug. 197
American Society for Testing Materials:
Standard Developed Covering Broad Group
of Materials Oct. 148
American Society of Mechanical Engineers:
Harold V. Cox Elected President, Oct. 154
Semi-annual Meeting to be Held in Los
Angeles June 208
American Society of Tool Engineers:
Meeting to be Held at Springfield, Mass.,
Sept. 181
War Production Conference Nov. 211
Exhibition and Meeting Held in Milwaukee
Mar. 165, Apr. 199
Two New Chapters Formed Apr. 250
New Officers Elected May 172
American Steel Wool Mfg. Co., Inc.:
New Method of Using Steel Wool, Sept. 226
American Welding Society:
Annual Meeting to be Held in Cleveland
Sept. 164
American Zinc Institute, Inc.:
Zinc Substitutes Discussed at Meeting, Dec. 183
Ames Co., E. C.:
Universal Test Indicator Feb. 218
"Amic" Precision Indicating Gage for Piston-
rings July 232
Ammunition from One of Remington's New
Plants, Small-arms, Charles O. Herb:
1 Apr. 136
2 June 142
"Amrac" Alternating-current Welding Ma-
chine July 238
Anchors and Chain for Ships to Sail the
Seven Seas, Balcl. E. J. McGuinness, Nov. 180
Anderson Bros. Mfg. Co.:
Hydraulic Hand Straightening Press, Mar. 188
"Roto-Checker" for Testing Straightness
of Shafts Mar. 192
Anderson, H. W., Personal of Sept. 216
Anderson, I. H., Personal of Mar. 208
Anderson, Warren D., Personal of Aug. 250
Angle-plate, Wesson Precision Vise and June 202
Angle Plates, Combination Master Surface-
Mar. 189
"Angle-set" Magnet Block, Diamond, June 198
Angle-set Tool for Diamond Dressers, Mar. 196
Anker-Holth Mfg. Co.:
Air-operated Shell Chuck Nov. 254
"Airgrip" Chuck Mar. 198
Annealing Machine for Steel Cartridge Cases
July 224
Annealing Machines for Steel Cartridge Cases,
Morrison Jan. 181
Annealing of Steel Cartridge Cases, Selsa Ma-
chine for Mouth-end Mar. 186
Anthony Tool Co.:
Cutting-off Tools Jan. 196
"Anti-Spatter" Protective Compound, June 175
Anvil for Scherr Comparator, Ball Measuring
Oct. 201
Apeco Photocopy Machine May 206
Apprentice Molding and Patternmaking Con-
test Feb. 173
Apprentices Remain with a Company? How
Many Jan. 202
Apprentices, see also Training, Education,
School, Vocation.
Aqua-Restor Water-wash Paint Spray Booth
Dec. 226
Arc Welding, see Welding.
"Arcometer" for Laying-out or Spacing Opera-
tions on Circular Work Sept. 212
Arend, Francis J., Obituary of Oct. 224
Armament Parts to Mass Production, Auto-
motive Engineers Adapt May 168
"Armor-Vit" Electrode for Heavy Welding, Sept. 198
"Armor-Vit"—an Insoluble Finish for Metal
Products June 175
Armstrong Cork Co.:
Making the New Worker Feel at Home
Apr. 220
Armstrong, Thomas O., Personal of Nov. 265
Arnott, Alex S.:
Tapping Fixture for Small Part, Jan. 160
Transparent Gage Checks Part for Blind
Assembly Feb. 194
Aro Equipment Corporation:
Pneumatic Drill Sept. 210
Asbestos Fabric Fittings for Aircraft, Apr. 238
Assembly Machine, Foil-disk, Aug. 204
Assembly Press, Special Equipment Increases
Production of High-speed Oct. 148
Assembly Work, Salfway Steel Scaffolding for
214
Associated Machine Tool Dealers of America:
Annual Meeting Held in New York, Nov. 215
Atkins, George R., Personal of May 214
Atlas Press Co.:
Portable Coolant Pumps Feb. 222
Screw Machine Attachments for Lathe, Apr. 236
Atlas Welding Accessories Co.:
Well-cleaning Tool Mar. 194
Ault & Wiborg Corporation:
Protoktol Transparent Coating for Finished
Surfaces Dec. 204
Automatic Machines for Operations on Tank
Turret Rings Mar. 200
Automatic Screw Machine, see also Screw Ma-
chine.
Automatic, Wickman Swiss Type, June 182
Automobile-body Stamping Plant Builds Bor-
ing Mills for Tank Production, Oct. 149
Automotive Industry Expedites Information
Exchange Sept. 226
Automotive Industry has Aided War Produc-
tion, How the Experience of the, Dec. 191
Automotive Industry Still Doing the Impos-
sible Feb. 188
Automotive Maintenance Machinery Co.:
"Hi-Speed" Honing and Lapping Machine
Sept. 200
Automotive Shops Available to Other Indus-
tries, Machine Tools from Dec. 175
Aviation Corporation:
Lycoming Radial Engines for Trainer Planes
Aug. 164
Axelson Mfg. Co.:
Air-conditioned Room Insures Quality Gages
for War Work Dec. 192
Forging and Heat-treating Shot for Anti-
tank Projectiles May 148
Pioneer Pacific Coast Shop Makes Land-
ing-gear Struts July 170
Axles for Diesel-electric Locomotives, Grinding
Jan. 135

- Babb, Max W., Obituary of May 220
Babbitt as War Substitute, Low Tin-content
Feb. 199
Babbitt, C. A., Personal of Jan. 208
Babcock, Joseph C., Personal of May 212
Bailey, W. K.:
Using Available Machine Tool Equipment to
Best Advantage Feb. 180
Bakelite Corporation:
Phenolic Molding Plastic with High Im-
pact Resistance Sept. 188
Baker Brothers, Inc.:
Automatic Machines for Operations on Tank
Turret Rings Mar. 200
Baker, Donald A.:
Boring Fixture for Small Part, Sept. 168
Bakewell Mfg. Co.:
Dual-head Radial Tapping Machine, Oct. 202
Bench Tapping Machine, June 184
Balancing Machine, Bear Dynamic, Oct. 203
Balt Anchor, Chain and Forge Co.:
Anchors and Chain for Ships to Sail the
Seven Seas Nov. 180
